

NPO Report 10/05/24

Hi all,

Not too much to report but have been in the process of expanding connections and contacts with whom to help learn how best to learn what is best for this role. Thankyou for those involved with putting me in touch with a previous national PRO Terry Dixon with which I'm sure the information shared and learned would be of great help and value to me developing the role over the coming year.

I have been very impressed with Stevenage facebook page and taking interest in looking at what content is published and feel this works well and may look at implementing a facebook page for publishing upcoming events/training/BBQ's etc nationally plus once I'm in touch more with the area chairmans and have more contacts I could suggest that if passed on to me I could publish events on behalf of groups and areas further?

In the near future would be beneficial to have access to further contacts of area publicity officers and chairmans (with their permission) as I have very limited contacts thus far and I feel that the more useful contacts I have access to the easier it will be for me. Currently I am not sure how to access this information so if anyone would like to share this it would definitely be most useful for me and much appreciated.

Adrian, Tina, Lauren and myself looked at Brean as a possible option but Adrian strongly felt this may not be suitable for larger groups although I personally feel would be good for smaller numbers as a nice location, good for walkers and who might enjoy the beach closeby at a well-priced break away.

Other than that will just keep on trying to work out how and what works and will go from there. My first and next job will be to create a NPRO separate email address and then a facebook page as feel these would both be beneficial to the role and reaching out with a more formal email account and page dedicated for that specific purpose.

No monetary figures to report as no money has been requested or spent - £0.00

Well this was my first go at a national plus report anyway. Speak to you all soon.

Kind Regards

Craig Bunyan – National Publicity Officer
